

# DOCTRINAL FOUNDATIONS OF MENTORSHIP

## DISCOVER

1. Pray that God will lead you in selecting the young people you will ask to be their mentor.
2. Write the name of one or two potential young leaders that you will mentor.
3. Clarify their expectations by expressing what the goal is and what you expect of them.
4. Agree on how you will meet; listen to them on topics: family, spiritual, leadership.

## TRAIN

1. Model a new leadership culture, be an example of care and support.
2. Establish a clear process of mentorship so that the new leaders can reproduce what you have modeled.
3. Get together, preferably every week, to get to know each other and to walk together in mentorship

## EMPOWER

1. Young people giving them meaningful responsibilities.
2. Show vulnerability, listen, and be authentic.
3. Invite them to think about who they can mentor in their local church.
