 District Superintendent

Guide for completing the District NDI Report Form

Page 1:

Header:

- The church year covered by this report should include ...
 - The year of the report: i.e. 2022
 - The period that includes the starting month and year and ending month and year. Example: March 2021- February 2022.
- Official name of the District and Field to which it belongs.

Statistical Table of Discipleship and Sunday School:

- Ages: The names of the Sunday School classes are not included, but the ages of the students in the classes. This is to allow Sunday Schools to use different ways to organize the classes.

Age groups: Children (0-11), Youth (12-25) and Adults (25 and up).

Please see the Note beside the chart for instructions.

- Stages of Discipleship: This section is new and is included in order to encourage every local church to have a system of discipleship, like A Journey of Grace, for children, youth and adults.
 - Evangelism: Prevenient Grace (Non Christians)
 - Basic Discipleship: Saving Grace (New Believers) From conversion to baptism to membership.
 - Advanced Discipleship: Sanctifying Grace (Mature Disciples) Includes: Entire Sanctification, the discovery of spiritual gifts and involvement in a ministry of the church, leadership training (School of Leadership), and continual education and growth for life and service.

If your churches have not yet developed a systematic discipleship program and cannot complete this part of the report, please consider helping them start an organized discipleship program to teach and develop their people. Contact your field NDI Coordinator for help.

- Disciplers: This section is also new and is intended to help us see the need for training disciplers for children, youth, and adults and also to know the number of disciplers we have and how many more we need to prepare throughout the year.

Disciplers are those that are discipling others, walking with others along the Journey of Grace: one to one, or in small group, in evangelism, beginning, or advanced stages. Also included are Sunday School teachers.

If you have churches that have not yet developed disciplers for the different stages, and cannot complete this part of the report, please consider helping them develop disciplers for the benefit of their people.

- How many churches had training for the Journey of Grace? This refers to the training we did as a region, as well as the training that leaders who took the regional training did for your local church.
- How many churches did the 6-week local focus on the Journey of Grace? The Regional NDI provided Sunday School lessons / small group materials for children, youth, and adults, as well as sermon outlines for pastors. Each local church was encouraged to spend 6 weeks teaching and preaching through these materials that highlight the truths from Dr. Busic's book, "Way, Truth, Life."

Materials:

Here are a number of questions related to the materials being used for Sunday school classes and ministries among children and adults in Sunday School and discipleship groups in the local church. Your suggestions are greatly appreciated.

We encourage use of the materials offered by the Church of the Nazarene through Nazarene Publishing House and the MAR region in all its ministries and discipleship. Other materials could be used to complement our materials, but only after the material has been thoroughly reviewed to ensure that it does not contain conflicts with Nazarene doctrine.

Page 2

Discipleship Ministries:

Children:

In the first column to the left is a list of the common NDI ministries for children. There is a blank space to add additional ministries you may have in your local church.

The second column is to include the number of each ministry meeting during the year. If you have one meeting a month, that would be 12 meetings in total, and so on.

The next column is to indicate the yearly average attendance in each ministry. The average attendance rate is calculated by taking the total meeting attendance for the year divided by the number of meetings held during the year.

Please indicate below other activities that were conducted with children during the year.

Youth: follow the same instructions as you used for children's ministries. Please indicate below the NDI activities carried out with young people during the year, in addition to Sunday School classes.

Adults: follow the same instructions that you used for children's and youth ministries above.

Other Educational Ministries:

Please indicate if your churches carried out any of the following educational ministries, and the enrollment in each of those ministries.

Finance:

Include the amounts from your annual NDI financial report.

Date and Signature:

It is important to include the date this report was completed, along with the signatures of the District NDI President and District Superintendent. Please return this form to your district office with a copy to the Field or Regional NDI Office.
